

# DEVAM JANGRA

3D MODELLER AND ARTIST

devamjangra@gmail.com

+91 9315498367

## ABOUT ME

A highly motivated 3D Modeller and Artist with 5 years of experience in 3D modelling, product Visualization and profound interest in automotive design. Skilled in concept generation, Hard Surface Modelling, animation and Prototyping.

I am inspired by Horacio Pagani. Pagani convinced me that design is where the philosophy of art and engineering merges and I discovered the path that I wanted to follow. I am always eager to learn new skills and technologies, and to challenge myself creatively and professionally.

## EXPERIENCE

- Sept 2023**  
Superfly Production (Freelance)  
**3D ANIMATOR**
  - Successfully completed multiple high-impact projects for Campus shoes, significantly boosting their brand visibility and audience engagement through creative and cutting-edge 3D animations.
  - Managed the entire animation process, from initial sketches and storyboarding to final rendering, ensuring timely delivery and adherence to the brand's aesthetic guidelines.
- Mar- Sept 2023**  
Petals World Inc  
**3D ARTIST**
  - Spearheaded the creation of 3D assets and character animation for three major games at Petals World Inc., leveraging advanced rigging techniques to enhance character realism and movement fluidity.
  - Pioneered concept development and execution for immersive 3D environments, significantly contributing to the visual appeal and gameplay experience of each game.
- Jun- Aug 2022**  
Superfly Productions  
**3D GENERALIST**
  - I specialized in designing high-quality 3D models and animations, leveraging advanced techniques to create visually compelling content for marketing campaigns.
  - Responsible for the entire creative process, from conceptualization to execution, my work significantly enhanced brand narratives and audience engagement through innovative and impactful visual storytelling.
- Sept- Dec 2021**  
MC SQUARE  
Hong Kong  
**LEAD ANIMATOR**
  - Led the creation and animation of the brand's mascot, ensuring alignment with the brand's voice and strategic goals, prominently featured in digital and print advertising.
  - Innovated in design and animation, producing a unique, captivating mascot that markedly boosted brand visibility and consumer interaction.
- 2019**  
Freelancing  
USA  
**3D VISUALIZER FOR BRIAN TONG**
  - Developed and executed intricate 3D models, renders, and animations for consumer tech products, significantly enhancing Brian Tong's tech journalism content.
  - My contributions led to visually compelling stories that captivated and informed a substantial audience of over a 250k people, showcasing the intricacies and appeal of cutting-edge technology.
- 2019**  
Freelancing  
USA  
**3D VISUALIZER FOR EVERYTHINGAPPLEPRO**
  - Reached over 500,000 people worldwide, significantly contributing to audience understanding and engagement, and elevating the presentation of tech insights on the platform.
  - Crafted detailed 3D models, renders, and animations of upcoming Apple products, enhancing Philip's tech journalism

## EDUCATION

---

2020 -2024

### INDUSTRIAL DESIGN

Bachelor in Design  
Delhi Technological University (DCE)

2019

### SECONDARY EDUCATION

MDK Public School, Delhi

## FEATURED

---

### Macbook Air Concept Video

Mentioned in

### Beam

Mentioned in  
Yanko Design,  
Autoevolution.com,  
Insideevs.com, and  
more

### Polestar Ev Concept

Mentioned in  
Yanko Design,  
Autoevolution.com,  
Insideevs.com, t3.com,  
and more

## SKILLS

---

- 3D Modelling
- Animation
- Sketching
- Character Design
- Character Animation
- Rigging
- Clay Modelling
- Video Editing
- Storyboarding
- CMF Design

## TOOLS

---

- Blender 3D
- Rhino 3D
- Fusion 360
- 3ds Max
- Unity
- Unreal Engine
- Final Cut Pro X
- Adobe Premiere Pro
- Adobe Photoshop
- Maya
- Adobe After Effects
- Keyshot
- V Ray
